Bmw E90 Manual Transmission

The BMW E90 manual transmission fluid is filled at the factory with lifetime fluid (green arrow). However, BMW does not define what the lifetime is. Therefore, it is a good idea to service your fluid every 60,000 miles. If you're unsure of the last service, replace the fluid as soon as possible. Doing so will extend the life of your transmission.

BMW DIY - Manual Transmission and Differential Fluid ...

The BMW transmission can also have problems that are not related to the fluid or the filter. An example would be if there is difficulty in shifting the transmission into higher gear. A grinding or clicking noise can alert the driver to problems that are happening within the machinery itself. Also known as a transmission slip, this is the kind ...
