Performance Management - GBV

A critical case is one that permits analytic generalisation, as, if a theory can work in the conditions of the critical case, it's likely to be able to work anywhere. Characteristics of particular cases may make them critical - level of education of the population, level of pollution of the environment, level of resistance to government intervention of a community.

The XIII Directorate of the European Union has a Central Evaluation Unit (CEU) which is tasked with evaluation of applications for grants from academics under its "cooperation and foundations" scheme. This scheme distributed relatively small grants to fund cooperative research between universities in the EU.

CLABSI Definition with Case Studies

This study examines, as a part of the European Union funded Adopting Hospital Based Health Technology Assessment (AdHopHTA) project, the results and barriers of collaboration between Finnish hospitals and the national health technology assessment (HTA) agency, Finohta. A joint collaborative HTA program has existed since 2006 between the Finnish hospitals and the national agency.
