description of the biome below its name, and then complete the other parts of the chart. Q k b to P (a,-.k-f-0 n . ,vi \1 n + C. I Pod.

Chapter 52 An Introduction to Ecology and the Biosphere

The next three chapters on population, community, and ecosystem ecology provide the academic backbone for this unit on ecology.

Each chapter is a different organizational level in ecology, starting with population ecology. Before beginning your study of each chapter, be sure you have a clear understanding of the terms in the chapter
