Amazon.com: Marx and Ethics (Clarendon Paperbacks) ...
Format: Paperback This work on Marx and ethics uncovers, by hypothesis, three stages to Marx's development, and clarifies considerably the sudden discontinuity in his thinking in the period of _German Ideology_. The early Marx propounds a synthesis of Aristotle and Kant, and then we are in the midst of the abolition of morality.

Marx And Ethics Clarendon Paperbacks
In his early writings, his ethics were based on a concept of essence much like Aristotle's, which Marx tried to link to a principle of universalization similar to Kant's "categorical imperative." In the period 1845-46, Marx abandoned this view, holding morality to be incompatible with his historical materialism.

Marx and Ethics Philip J. Kain. A Clarendon Press Publication. This study traces the development of Marx's ethics as they underwent various shifts and changes during different periods of his thought.

Liberal Theory and the Idea of Communist Justice ...
For long, the feeling has been that Marx views man essentially in terms of his material interests. The publication of Economic and Philosophical Manuscripts, however, has led many to realize that he is keenly interested in developing individual potentialities, realizing 'human essence' and nurturing talents.What is interesting, however, is that Marx relies on productive activity, on labour ...

"Marx and Ethics" by Philip J. Kain
Show Summary Details Preview. In the book German Ideology, Karl Marx's views on ethics begin to turn in a different direction.He abandons his earlier concept of essence and develops a doctrine of historical materialism. He rejects Kantian ethics as well as the notion that freedom can be understood as self-determination.

Marx and Ethics - Philip J. Kain - Oxford University Press
In his early writings, his ethics were based on a concept of essence much like Aristotle's, which Marx tried to link to a principle of universalization similar to Kant's "categorical imperative." In the period 1845-46, Marx abandoned this view, holding morality to be incompatible with his historical materialism.

Philip J. Kain - Wikipedia
My aim is to bring Marx's general theory of exploitation into line with contemporary theories of distributive justice advanced by liberal egalitarians, theories that stress the ideal of equal concern and respect for persons qua persons and require implementation of the ideal consistent with what historical circumstances permit. I begin by dismissing the labor theory of value as relevant to ...

Marx and Modern Political Theory - Google Books
This ambitious and lively book argues for a rehabilitation of the concept of 'human needs' as central to politics and political theory. Contemporary political philosophy has focused on issues of justice and welfare to the exclusion of the important issues of political participation, democratic sovereignty, and the satisfaction of human needs, and this has had a deleterious effect on political ...

The Abolition of Morality (1845-1856) : Marx and Ethics - oi
For a short review of the progress of ethical debate within Marxism see Agnes Heller, 'The Legacy of Marxian Ethics Today', in Praxis International 1 (4), 1982. Heller's own position is a fusion of Marx and Kant, although she acknowledges that this approach was specifically rejected by Marx (p. 362); also Steven Lukes, Marxism and Morality (New York: Oxford University Press and Oxford ...

Marx and ethics (Book, 1988) [WorldCat.org]
Ethics - Ethics - Marx: Marx was often portrayed by his followers as a scientist rather than a moralist. He did not deal directly with the ethical issues that occupied the philosophers so far discussed. His materialist conception of history is, rather, an attempt to explain all ideas, whether political, religious, or ethical, as the product of the particular economic stage that society has ...

Marx and Modern Political Theory: From Hobbes to ...
In "Marx's Labor Theory of Value: Bad Science and Bad for Ecological Socialism," 1 I argued that Marx's theory is unscientific and incompatible with the task of building ecological socialism. Robin Cox objected to these views in "The LTV: A Bad Criticism of Marx's Labour Theory of Value." 2 The present article is my response to Cox's critique.
